NATURAL EVENTS AND EMERGENCIES

When a natural event or other emergency issue impacts student/faculty access to online classrooms, Sessions College will send an announcement to faculty and students. Sessions College requests that faculty members defer to Sessions College recommendations regarding specific situations and accommodations. In general, we request that faculty members apply flexibility for students who are significantly impacted by natural events and related concerns such as power outages that interfere with their ability to actively engage their online courses. We recommend that students facing classroom access issues contact their advisors to discuss options for maintaining satisfactory academic progress.

CALIFORNIA STUDENTS - NOTICE REGARDING STUDENT TUITION RECOVERY FUND (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

Eligibility for STRF

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed

or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

INDIVIDUAL CAREER COURSE ENROLLMENT

ADMISSIONS

Students entering career courses are expected to have earned a high school diploma, GED, or state-approved home school equivalent. Any student under 18 years of age must provide the signed permission of a parent or guardian. All students are expected to have a satisfactory command of the English language.

NON-DISCRIMINATION POLICY

Sessions College is in compliance with all requirements imposed by or pursuant to Title VI of the Civil Rights Act of 1964 and section 504, Rehabilitation Act of 1973. The institution does not discriminate on the basis of race, color, religion, sex, creed, age, or national origin in its activities, programs, or employment policies, in accordance with Federal, State, and local laws.

INDIVIDUAL COURSE EXTENSIONS

The total duration for any individual course contract is 12 weeks. After the expiration of this time period, the enrollment agreement is void. Students enrolled in individual career courses (not enrolled in a program) who reach their enrollment end date and need more time can continue their enrollment for up to 6 additional months at a rate of \$50/month. The program is an automatic payment plan. Students simply set up an automatic charge of \$50 per month on their credit card, which will continue until the earliest of their cancellation, course completion, or 6 months.

WITHDRAWAL AND REFUND POLICY

A student who cancels a course within five days of enrolling is entitled to a full refund of tuition. After five days, where the student cancels after completing at least one lesson assignment but less than 50 percent of course assignments, the school may retain a registration fee of \$50 plus a percentage of tuition which shall not exceed the following:

Up to and including 10 percent of the course	10 percent of the refundable Tuition (tuition charges remaining after subtracting the non-refundable fee already retained).
Between 10 percent and 25 percent of the course	25 percent of the refundable tuition.
Between 25 percent and 50 percent of the course	50 percent of the refundable tuition.
Over 50 percent of the course	100 percent of the refundable tuition.

A student withdrawing from a course or program may notify the school of cancellation in any manner, by mail, fax, phone, or email:

Email: bursar@sessions.edu

Fax: 1-800-392-4217

Phone: 1-800-258-4115

Mail:

Sessions College

ATTN: Bursar

404 S. Mill Avenue, Suite 201,
